IN MEMORIAM

DON P. HILLMAN

1895 - 1965

The 1965 edition of the Town Report is dedicated to Don Hillman who served on the Board of Selectmen for six years and was elected Chairman of the Board in 1965. He was also a member of the South Berwick Fire Department for many years.

Don's enthusiastic interest in all Town affairs will long be remembered by his many friends.

Town of

South Berwick, Maine

March 1, 1966

To the Honorable Board of Selectmen
and Citizens of South Berwick:

During 1965 some of the more significant improvements in South Berwick were as follows:

1. Installation of the initial phase of sanitary sewer lines,
2. Construction of a sewage treatment plant,
3. Beginning of construction on the S. A. D. 35 High School, serving South Berwick and Eliot,
4. Completion of the rebuilding of Main Street,
5. Initiation of a paving program on our side streets,
6. Installation of many street signs,
7. Completion of Hooper Sands Road and tarring of Flynn's Lane,
8. Liquidation of all municipal long-term debts,
9. Reduction of the tax rate fourteen dollars per thousand.

Our office has received the fullest cooperation and understanding of both the Selectmen and citizens. For example, during our recent siege of snowstorms, remarkably few of our citizens lost their composure. They realized, of course, that maximum effort was being made by an exceptional road crew with the limited equipment at their disposal.

Serving South Berwick is a challenge, usually a pleasure, and always an honor.

Respectfully submitted,

Paul A. Devine

PROTECTION

South Berwick is fortunate to have exceptionally well equipped public protection units for a town of its size. The Civil Defense, Fire and Police Departments operate on comparatively limited budgets. The degree of service provided is possible only because of the willingness of many of our citizens to volunteer their time and efforts.

Police Department

REPORT FOR YEAR 1965

To the Selectmen and citizens of South Berwick:

I herewith submit my first annual report as chief of Police.

The Police Department for the year 1965 consisted of the following members:

Chief of Police	Leslie Milbury
Assistant Chief	Charles Bernier
Regular Officers	Lionel Turcotte
	David Pouliot
Police Matrons	Anne Fogarty
	Doris Bernier
Special Officers	Norbert Hilton
	Gerard Caron

The Police Department lost the services of two of the above officers during the past year, Doris Bernier and Charles Bernier. I wish to thank these former officers and express my personal gratitude and sincere appreciation to the remaining five officers on the force for their cooperation and loyalty to myself and the citizens of South Berwick during this past year. It has been largely due to their efforts and the generosity of the teenagers who make up Teen Haven that the Police Department has acquired and maintains a new police cruiser and at no cost to the town.

In addition it is very gratifying to report to the town that this department has operated for the year 1965 at a savings of \$500.00 less than the preceding year.

Arrests during the year 1965

Accidents investigated	29
Complaints investigated	135

Report of Fire Department

I hereby submit my report of the South Berwick Fire Department.

Your Fire Department answered:

- 68 Alarms
- 12 Still Alarms
- 13 Out of Town alarms
- 3 Emergencies

A ten week First-Aid course was held this past year with a good percentage of your Fire Department in attendance.

Bids are now out on remodeling our meeting room and for all of the flooring.

A Fire Training School started February 17.

We wish to thank the Ladies Auxiliary for their support during the year of 1965.

As chief, I wish to thank the officers and men who ably served under me in 1965.

Respectfully submitted,
Richard A. Demers
Fire Chief

Title 25 Section 2436-A Revised Statutes 1964 as provided in Chapter 365 Public Laws 1965.

Section 2436-A. Burning of debris

For the purposes of this section "debris" shall be defined as any manufactured product, household rubbish, hay or other vegetative accumulations or materials not included in Title 12, section 1551. No person, firm or corporation shall burn debris out of doors other than when the ground is covered with snow, except between the hours of 5 pm and 12 midnight. This section shall not apply to burning in incinerators approved by a municipal fire chief, town forest fire warden or forest ranger; burning at municipally maintained dumps, burning in municipalities wherein or-

dinances control the time and manner of such burning; nor to special burning jobs where a written permit is provided by the municipal fire chief, town forest fire warden or forest ranger. Whoever violates this section shall be punished by a fine of not less than \$10 nor more than \$50.

Department of Civil Defense — Public Safety

As director of Civil Defense-Public Safety for the town of South Berwick, Maine, I hereby submit my annual report.

Our accomplishments for 1964-1965:

1. Improvement of the nationwide "fan-out" warning system in South Berwick with a full time bid Civil Defense dispatcher, Mrs. Ethel Bradford. The nationwide warning is less than fifteen minutes.
2. The Civil Defense Communication System under the able leadership of Mr. Robert Durnin is doing very well even though there is a great lack of two meter and six meter equipment. Thanks to Mr. Durnin's Radio Shack on Brattle Street, we have the use of his antennas and other associated equipment.
3. A light duty rescue and first aid school was held at the fire station with paid Civil Defense instructors.

It is hoped that in 1966 a Civil Defense Police Reserve Unit will be formed by the South Berwick Police Association. Most of the association are trained policemen or former police officers.

We would like to obtain a new or used two meter and six meter radio for direct communications with the county headquarters in Alfred and or State headquarters in Augusta, Maine.

More volunteers for Civil Defense work are needed for the coming year.

Respectfully submitted,

Richard G. Osborne

Our Health and Welfare accounts are Town Poor, Other Town Poor, State Poor, and Aid to Dependent Children.

Town Poor is an expense borne solely by the taxpayers of the town. The town is reimbursed for its expenditures under the State Poor or Other Town Poor accounts. Aid to Dependent Children is a State-Town cooperative program with the town paying 18% of the annual costs in providing for the basic needs of children which, by some misfortune, fall under the State specified requirements for this program.

HIGHWAYS

The major accounts which fall under this heading are Highways, Bridges, and Sidewalks, Winter Care, State Aid, Bituminous Surfacing and Rebuilding Town Streets. Also included are the Dump fund and Care of Trees, which covers the spraying or removal of diseased trees.

Major projects undertaken in 1965 were paving of Webster Street, High Street, Tibbetts Street, the Fire Department Parking Lot, and part of Vaughn's Lane. Flynn's Land and a portion of the Hooper Sands Road were tarred. This was supplemented by paving on Norton Street, Railroad Avenue, Goodwin Street, Jewett Avenue, Union Street, and Academy Street by the South Berwick Sewer District.

Throughout the summer, decent gravel was applied to some of our dirt roads. The effect of this is now becoming evident as improved portions and withstanding the spring thaw.

PUBLIC HEALTH NURSING SERVICE

Offered by the State of Maine Department of
Health and Welfare

Why Needed:

1. Need for organized community health program
2. Medicare
3. Change in school nursing program
4. Adult clinics
5. School nursing for St. Michael's school

Health services we now have:

1. School nursing which provides most services normal children require
2. State services conducted through bases.
 - a. Communicable Diseases and follow-up
 - b. Crippled children which includes cardiac
 - c. Mentally retarded

Services obtainable under Public Health Nursing Service:

1. State clinics
2. Child Welfare Commission

2. Child health conferences with counties

a. Well baby clinics

3. Coverage for St. Michael's school

4. Nursing care of sick

5. Immunization clinics

6. Responsibility for Medicine beginning July 1, 1964

It is also possible to have a district clinic, school physical examinations, etc. or whatever program a health council decides feasible. The P.H.N.S. helps set up and guides a community health council in all health programs.

REPORT OF

South Berwick Water District

February 15, 1966

In compliance with the rulings of the Public Utilities Commission of Maine, the Trustees of the South Berwick Water District submit the following report for the year ending December 31, 1965.

This year with the construction of the new road from the Landing Bridge to Fogarty's Service Station created numerous inconveniences due to the breakage of Water Mains and the moving of several Fire Hydrants. We, the Trustees of the Water District express our sincere thanks to all water users for their endurance during this trying period.

We can assure the water users that we have a plentiful supply of water and did have all through the past summer when many communities had to curtail the use of water.

The Trustees hold a monthly meeting at the Town Manager's Office on the second Monday of each month at 7:00 P. M. The water users having any complaints may feel free to come before the Trustees at that time.

Mr. William Bray, Chairman

Board of Trustees

South Berwick Water District

South Berwick, Maine

Dear Sir:

From the Districts books and records, we have prepared the following statements, supporting the financial activity of the District for the calendar year ended December 31, 1965.

Comparative Balance Sheets

Statement of Income and Expense

Investment in Operating Property

This examination was made in accordance with generally accepted auditing standards, as applied to utility accounting, and on a basis consistent with that of the preceding year.

In our opinion, the accompanying balance sheet, and statement of income and expense, present fairly the financial position of the South Berwick Water District for the calendar year ended December 31, 1965.

Respectfully submitted,

L. Everett Outhouse

Auditor

SOUTH BERWICK WATER DISTRICT

Report of the South Berwick Sewer District

Pursuant to a vote passed at the May 27, 1964 meeting of the Board of Selectmen of the Town of South Berwick, Maine a committee was appointed to study the problem of Sewerage and Sewage Disposal for the town. The Study Committee comprised:

Harold L. Goodwin
Philip R. Henderson
Craig A. Holmes
William E. Murdock
Albert Roberge, Jr.

On June 10, 1964 the committee organized under the chairmanship of H. L. Goodwin. Subsequently, in many meetings and "field" sessions, the group reviewed the excellent engineering report prepared for the Town by the consulting engineers, Camp, Dresser and McKee of Boston, Massachusetts. Finally, on September 29, 1964 the Study Committee reported to the Board of Selectmen essentially as follows:

- A. That the Camp, Dresser & McKee survey be accepted as the basic operating document but,
- B. That certain revisions be made in it with a view to reducing construction costs.
- C. That construction of the sewer lines and the disposal plant begin as soon as possible so as to be operable by January 1, 1966.
- D. That every effort be made to hold the sewerage service rate at not more than \$60.00 annually. (The original engineering estimate had been \$100.00 annually.)

The Board of Selectmen accepted the report.

• • • •

Under the terms of the Sewer District Charter (Chap. 226, P & S Laws of Maine, Sec. 15, the Board of Selectmen appointed the Board of Trustees of the Sewer District:

H. L. Goodwin
P. R. Henderson
C. A. Holmes
W. E. Murdock
A. Roberge, Jr.

On October 29, 1964 the Board organized as follows:

Chairman — H. L. Goodwin

Treasurer — P. R. Henderson

Clerk — W. E. Murdock

Chairman Finance Committee — H. L. Goodwin

Chairman Construction Committee — C. A. Holmes

Chairman Rates Committee — A. Roberge, Jr.

A bond issue, par value \$325,000, interest at 3.49%, was underwritten by Francis I. Dupont Co. Construction began in the spring of 1965 and the District began operating on January 1, 1966.

Grant monies have been received under Pollution Control Acts, from both the Federal and State government. The amounts received are reflected in the Treasurer's Report. In a construction project of this kind, surplus monies occur from time to time. The Treasurer has been quick to invest any surplus in Treasury Bills and these have yielded an income of \$3,519.14 to the District.

The Construction Committee has been vigilant in day-to-day oversight of the actual building procedures. This constant supervision has resulted in many economies which are reflected in the sewerage service rate.

The Rates Committee has studied the overall rate picture in many communities; has made good use of the economies achieved in the construction; has established a rate schedule that should be satisfactory to all concerned.

The Board expresses its gratitude to the citizens of the Sewer District for their outstanding cooperation in all matters connected with their properties and for the extremely reasonable charges they made necessary easements which helped make possible the low sewerage service rate. The Board is also grateful for the excellent professional service rendered by Camp, Dresser & McKee our Consulting Engineers and for the fine performance of our contractors C. D'Alfonso & Sons, Portland, Maine and Landers and Griffin, Portsmouth, New Hampshire.

To the Board of Trustees:

We have examined the balance sheet of the South Berwick Sewer District as of December 31, 1965. Our examination was made in accordance with generally accepted auditing standards and accordingly included such test of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, the accompanying balance sheet presents fairly the financial position of the South Berwick Sewer District at December 31, 1965.

To The Board of Selectmen

Town of South Berwick

Maine

We have examined the Statement of Assets and Liabilities of the Town of South Berwick as of December 31, 1965 and the related Statement of Appropriations, Receipts and Expenditures for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances, except that we did not request confirmation of taxes receivable directly with the taxpayers. We did, however, satisfy ourselves by other means as to the accuracy of the taxes receivable figure.

In our opinion, the attached Statement of Assets and Liabilities, Exhibit A, Analysis of Revenue Fund Surplus, Exhibit B. and Appropriations, Receipts and Expenditures, Schedule B-1, present fairly the financial position of the Town of South Berwick at December 31, 1965 and the results of its operations for the year then ended, in conformity with generally accepted principles of municipal accounting applied on a basis consistent with that of the preceding year.

EMERGENCY SQUAD ANNUAL REPORT

Dear Friend,

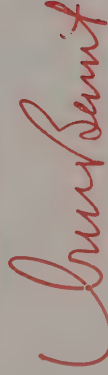

The ambulance traveled 2210 miles in 1965 with a total manpower of 1650 hours of actual calls and training. A total volume of 14,000 liters of oxygen was used during the year along with a tremendous amount of first aid materials. Three (3) lives were saved by the Squad according to hospital and physician records as a result of prompt response, highly trained, and well equipped Squadmen. A special "Fund Drive" was conducted in 1965 to raise funds to replace the old 1956 unit with a newer coach. The new ambulance is a Pontiac Superior Coach, four stretcher carrier including a new 110 ac electrical system for incubators and iron lung equipment, expanded oxygen system so that three patients can be treated at one time, and many other extras. The donations were from leading business and professional men along with many individuals, service and fraternal organizations. The Rescue Station has been repainted white and green. The meeting room has been equipped with new all steel chairs by the Women's Auxiliary. Winter dress wear, hard-hats, and other personal items have been donated to the unit. 1965 also saw the Squadmen completely re-trained to the standards of the American College of Surgeons and later being certified by the National Ambulance

A total of 385 calls were answered by the Squad in 1965.

Report of the Budget Committee

To the Citizens of South Berwick

The Budget Committee has very carefully considered each article of the Town Warrant for the Annual Town Meeting.

We have met with all department heads and feel that they have justified their individual budgets.

Our belief is that with constant supervision these accounts should well operate within their appropriation and therefore eliminate the necessity of overdrafts.

Respectfully submitted,

ARTICLE 45: To see if the Town will enact the following Ordinance with respect to Curb Cuts and Service Driveways within the limits of and servicing property adjacent to Federal Aid Project F-04-1(1) as defined in the Preamble to the Agreement set out in Article 3 of this warrant.

Sec. 1

(A) Regulation of Curb Cuts and Service Driveways

No person shall build or construct any driveway providing access to any street within the limits of said project without first obtaining a permit from the Municipal Officers and application for such permit shall be submitted in such form as the Municipal Officers may prescribe.

(B) Owner Assumes Construction Costs

All construction work on such driveways within any street line within the limits of said project shall be done by the property owner or occupant at his own expense in conformity with proper standards and workmanship as prescribed by the Municipal Officers.

(C) Surface Required

Surfacing, such as cement or asphalt shall be required for the paving within the street lines of all driveways constructed to serve commercial establishments within the limits of said project.

(D) Removal of Drainage Facilities

Where driveways require the moving of catch basins or other drainage facilities, such change shall be made only upon approval of the Municipal Officers at the expense of the applicant.

(E) Altering Existing Grades

The grade of existing walks may be altered when such change will not adversely affect or damage adjoining walks and property, and then only at a grade set by the Municipal Officers.

(F) Number of Driveways Per Property

Not more than two driveways for the same property on the same street will be allowed per 100 feet of frontage.

(G) Safety Islands

Where two driveways are provided for the same property on the same street, a safety island of not less than ten feet at the outer edge of the walk shall be provided.

(H) Limitation of Driveway Extension

No driveways apron shall extend into the street further than the base of the curb or beyond the gutter line.

(I) Driveway Widths

The width of any driveway shall not exceed 36 feet at the curb, not be less than 20 feet in width.

(J) Driveway Restrictions Near Intersections

No driveway shall be built within 20 feet of the intersection of two street lines except upon recommendations by the Town Manager and approval of the Municipal Officers.

Sec. 2 Applicability

The provisions of this Ordinance shall not apply during the time when said project is under construction or shall be under reconstruction.

Sec. 3 Violations and Penalties

Any person who builds or constructs a driveway providing access to a street within said limits without first obtaining said permit, or who otherwise violates the provisions of this Ordinance or subsequent amendments or additions thereto, shall be punished by a fine of not more than one hundred dollars. Each day that any such driveway shall remain in violation of the provisions of this Ordinance shall constitute a separate offense.

ARTICLE 46: To see if the Town will enact the following Ordinance with respect to obstructions and encroachments on the Right of Way limits of Federal Aid Project F-04-1(1) as defined in the Preamble of the agreement set out in Article 3 of this warrant.

Sec. 1 (A) Obstructions and Encroachments

No advertising signs, buildings, posters, billboards, roadside stands, gasoline pumps or bases, or any other private installations shall be permitted within the existing Right of Way limits or any new Right of Way limits as may be acquired for said project.

(B) Removal of Existing Obstructions and Encroachments

All such advertising signs, buildings or portions of buildings, posters, billboards, roadside stands, gasoline pumps or bases, and other private installations now within the existing Right of Way limits, shall be removed under the direction of the Municipal Officers.

Sec. 2 Violations and Penalties

Any person who builds or installs any such obstruction or encroachments within the limits of said project; and any person who neglects to remove existing obstructions and encroachments within the time herein prescribed shall be punished by a fine of not more than one hundred dollars. Each day that any such obstruction or encroachment shall remain in violation of the provisions of this Ordinance shall constitute a separate offense.

Hereof Fail Not and have you there and then this warrant with your doings thereon.

The Selectmen hereby give notice that the Registrar of Voters will be in session at the above named hall and place of meeting on Saturday, March 19, 1966 from 8:30 o'clock in the forenoon until the polls are closed, for the purpose of correcting the list of voters.

Given under our hand in the Town of South Berwick this ninth day of March, in the year of our Lord one thousand and nine hundred and sixty-six.

1. The first part of the paper is devoted to a discussion of the general principles of the theory of the structure of the atom. It is shown that the structure of the atom is determined by the laws of quantum mechanics, and that the laws of quantum mechanics are based on the principle of the conservation of energy.

2. The second part of the paper is devoted to a discussion of the experimental results obtained in the study of the structure of the atom. It is shown that the experimental results are in good agreement with the theoretical predictions of the theory of the structure of the atom.

3. The third part of the paper is devoted to a discussion of the applications of the theory of the structure of the atom. It is shown that the theory of the structure of the atom has many important applications in the field of physics and chemistry.

4. The fourth part of the paper is devoted to a discussion of the conclusions of the paper. It is shown that the theory of the structure of the atom is a very important part of the theory of physics and chemistry.
